Mission Vision Values

Mission

“ To Build Shareholders’ Value Through Delivery of Total Customer Satisfaction. ”

Vision

- Falcon will be a technology-enabled company, be it with personal and/or commercial insurance.
- Falcon will focus on the brand proposition of providing the best service standard in a transparent and fair manner.
- Falcon will maintain international standards and best practice whilst understanding local needs.
- Falcon will introduce innovation to start new trends and set the standard for non-life insurance industry in Thailand under the “Think Independent” strategy.

Values

- Honesty and integrity are essential in all our relationships and will never be compromised.
- We are results oriented-not political.
- We are team players-no “egos”. A confrontational style is not appropriate. We value loyalty-to Falcon and our colleagues.
- We follow the Golden Rule: we treat others as we would want to be treated.
- We are hard working but not at the expense of our families.
- We always look at opportunities but emphasize downside protection and look for ways to minimize loss of capital.
- We are entrepreneurial. We encourage calculated risk taking. It is all right to fail but we should learn from our mistakes.
- We will never bet the company on any project or acquisition.
- We believe in having fun-at work!

Good Governance

Business Code of Conduct

Rules, Standards, and Procedures based on the good governance for management, officer, and staff.

- Conduct the business with honesty, ethics, transparency and compliance.
- Against corruption and bribery from both inside and outside.
- Avoiding conflicts of interest with the Company. In cases where it could not be avoided, the case must be managed and disclosed appropriately.
- Disclose the information to the public in compliance with the regulatory requirement and standard.
- For the breach cases found, the cases must be reported to the superior immediately.
- Adhere and follow to this code of conduct.

Enterprise Risk Management Framework

The company has established a framework that describes the risk management governance structure, roles and responsibilities of those involved in the company, as well as principles and guidelines for risk management at the company. In which the business risk is an event that jeopardizes the Company's assets and revenues. And is an impediment to the company's achievement of its objectives and goals. The following are the risk management objectives:

- Assure the Company and the Board of Directors for achievement of the business objectives and goals.
- Improve the capital management of the Company.
- Strengthen good corporate governance and effective internal control.
- Assist management in developing internal control processes based on acceptable risks.
- Provide employees with knowledge and understanding in order to increase risk awareness, risk management potential, and risk control.
- Assist the Internal Audit Department in conducting risk-based internal audits independently.

Risk Management Policy

The Company has established a risk management policy because risk management is one of the primary strategies that will help the Company. For the ability to manage risk within an acceptable risk level and to achieve the objectives and goals set by the Board of Directors. The risk management policy addresses the following 13 risks:

- Strategic Risk
- Insurance Risk
- Market Risk
- Credit Risk
- Liquidity Risk
- Operational Risk
- Technology Risk
- Market Conduct Risk
- Legal, Reputational and Regulatory Risk
- Targeted Financial Sanctions Risk
- Catastrophic Risk
- Emerging Risk
- Group Risk
